

First Presbyterian Church of Kirkwood and Maplewood United Methodist Church have provided significant assistance to Kwasha-Kids, Inc., helping to support our school's mission. In addition to the spiritual support of their prayers, both churches have assisted greatly with some of the material needs and have made considerable financial contributions. Both churches donated a great number of dresses for the girls and sweaters for the children made by members of their church communities. Their parishioners organized as well several donation drives that contributed books and innumerable school supplies that were shipped to Zambia for the use of the children. First Presbyterian Church of Kirkwood sponsored the shipping of these supplies. Our school also has participated annually in the Alternative Gift Fair at First Presbyterian Church where African and locally made crafts are sold and the proceeds donated to the school.
